

Government Degree College, Kukatpally

Institutional future plan for the academic audit 2021-2022

1. launching skill embedded courses in retail and logistics management through BBA in the next two years under the hegemony of the Department of Commerce.
2. strengthening the college infrastructure and providing safe drinking water to all the students of the college through a dedicated water pipeline to the college.
3. motivating the students of final year in all the courses to undertake internship and harness their employability skills.
4. acquiring the new building for the college
